

22.01.10

My children (1yr old in the baby's room and 3yr old in the toddler 2's room) have been attending Kidz Biz Wanneroo 3 days per week since August 2009. They adjusted to the centre and settled in amazingly well in a very short period of time as a result of the friendly, caring staff in their room's.

I have found the staff to be professional and caring and they have provided a feeling of stability for the children by ensuring a low turnover of staff in each of the rooms. The activities conducted, including arts and crafts, outside play and cooking keep my girls mentally engaged and ensure they are having plenty of fun throughout the day.

I am also most impressed with the layout and quality of the centre itself. Many others I had toured while deciding where to send the girls did not match Kidz Biz in terms of their size, cleanliness, policies and procedures and the wonderful outside area for the kids to play.

A special thank you to Anom and Hue in the baby's room and Alicia, Sarah and Jess in toddler 2's for making my girls feel so comfortable and welcome every day. And of course Alison for her great advice and caring nature.

I would not hesitate in recommending Kidz Biz Wanneroo to anyone looking for a reliable and safe child care centre.

Kind regards

Jessica McCormack
